Products
TANlock 3

Overview

The TANlock 3 is designed to be easily mounted on the majority of server cabinets. Adapters exist for different mount holes, like Rittal. Custom adapters can be created.

Modules

- PIN + RFID
- RFID
- Touchscreen + RFID
- Handvein Scan
- Finger Print + RFID

TANlock 1

TANlock 1 is an electronic lock for securing critical infrastructures and many other areas!

Features at a glance

- Easily secure your infrastructure
- DIN cylinder for individual lock selection
- Remote (un-) locking
- Status LED
- Indoor or outdoor use

TANlock Zero

Due to the control via 5 V, 12 V and 24 V, the TANlock Zero can easily be integrated into existing infrastructures. This makes a TANlock Zero ideal if you already own monitoring hardware

- Remote
- RFID

Security Drawers

The Security Drawer is a drawer for server cabinets based on the TANlock. Authentication takes place via exchangeable modules, which always enable the latest security standard.

- RFID
- PIN + RFID
- Finger Print + RFID
- Touch Display

Humidity and Temperature Sensor
